In the Land of the Wadawurrung People

Dear families,

Have you ever heard the saying, *"The only constant in education today is change"*? It's certainly true! Over the course of your children's schooling, you'll see significant shifts in teaching and learning—across the early years, primary, and secondary sectors. Each new approach offers fresh insights into how education can best meet the needs of our students. But if each new method works, why change at all?

The answer lies in the nature of learning itself. Learning is never static—it grows, adapts, and evolves. Some skills, such as holding a pencil, writing from left to right, or building a sentence into a paragraph, remain constant. These foundational skills are essential; they equip us to participate fully in a society that relies on shared conventions.

Then there is *deep learning*—the kind that goes beyond acquiring skills and facts. Deep learning is about applying and extending our understanding, challenging what we know, and discovering new ways to think. It is dynamic and ever-changing, as our capacity to think critically and creatively expands over time.

Last week, I attended the National Catholic Education Conference in Cairns. It proved to be an invaluable opportunity to explore the latest developments in education. I was challenged to think beyond the familiar, and to consider new ways of supporting student learning here at Saint Francis Xavier. I was proud to share the many successes of our school with leading educators from across the country and to learn from them. And while I certainly enjoyed the learning, I must admit—Cairns was a welcome destination in the middle of our chilly winter!

God bless,

Mark Hogbin

Book Week celebrations

What a wonderful Book Week 2025 we shared!

A huge thank you to Ms Harty and her team of students and staff for organising and setting up such engaging activities throughout the week. Thank you also to everyone for the creativity and effort put into the Book Week costumes—it was a joyful way to begin our celebrations.

At school we cannot emphasise enough the importance of regular reading. "Children who read widely and often develop the skills that support success in every subject."

St. Francis Xavier Primary School is a Child Safe School called to action through Gospel values and Mercy tradition. Through the mission of Jesus within the Mercy tradition, we are called to action in pursuing fullness of life for all.

Student - Led Conferences

Week 8 & 9 of this term your child(ren) will be showcasing their schoolwork and discussing learning goals with you through their Student-Led Conferences. During Student-Led Conferences, your child will lead the discussion with you about their school work, while teachers will help direct conversation.

Each Student-Led Conference will run for 13 minutes, and **we strongly encourage all families to attend**. Please note that **children are required to be present** at these sessions.

At SFX, Student-Led Conferences place the focus on **Student Voice**. Highly effective Catholic primary schools recognise the importance of empowering students to take an active role in their learning, and these conferences are a powerful way to nurture this. Current research into *Assessment as Learning* also highlights the benefits of students sharing their progress, reflecting on their learning, and setting future goals.

We look forward to meaningful Student-Led Conferences that highlight and celebrate each child's achievements.

Bookings for Student Led Conferences are open on PAM please book if you haven't already done so.

Child Safe Standard 9: Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.

As part of St Francis Xavier Primary School's commitment to supporting the wellbeing and dignity of every child, the students are beginning their learning in Relationships and Sexuality Education this week. The program, **Fullness of Life for All**, has been developed by the Catholic Education Office Ballarat to guide our students in understanding themselves and others, with age-appropriate learning that supports their growth in self-knowledge, relationships and respect for human dignity.

Grounded in our Catholic tradition, this learning affirms that every person is wonderfully created in the image of God and called to live in loving, respectful relationships. In partnership with families, we seek to nurture students' capacity to make good choices, care for themselves and others, and grow in wisdom as they navigate life's changes.

These conversations can sometimes feel challenging for families, but they are an important part of supporting the whole wellbeing of our students. To further support you at home, I encourage you to read this helpful article from SchoolTV. Strong child-parent relationships lead to better long-term health outcomes in young adults.

Sending cheers your way,

Gemma Johnson, **Wellbeing Leader**

Division Basketball

Well done to the 28 students that were part of 4 fantastic teams that represented SFX at last Friday's Eureka Division Basketball tournament at Selkirk Stadium. All students played hard, played fair and showed outstanding skill and team work. All four teams won multiple games and had heaps of fun! The support and cheering for their peers was inspiring and wonderful to see and hear! A huge thank you to Que, Christian, Gab & Mrs Barclay for so wonderfully coaching the teams and to all of the families that came along to support.

VINNIES WINTER APPEAL 2025

The theme of this year's appeal is "Homelessness is Never a Choice".

Over the past six months, SVdP Ballarat has given over \$253,000 in material assistance, including food, clothing and furniture, to families and households in need in Greater Ballarat. With the current homelessness crisis, the assistance we provide for people experiencing hardship this Winter will be needed more than ever. We are most grateful for the support we receive from our parish as it enables us to continue to assist those in need.

JUBILEE YEAR 2025 – PILGRIMS OF HOPE

Pope Francis has declared a Jubilee Year of Hope in 2025, centred on the theme, "Pilgrims of Hope." A Jubilee is a special year of grace and conversion, involving prayer, pilgrimage and sacramental repentance, held every 25 years, or during other years as called for by the Pope. Through a series of concrete rituals, acts and commitments, the goal of a Jubilee year is to inspire and encourage holiness of life among the faithful and therefore to strengthen the Church's witness to God's loving mercy in and for the world.

Turning Expectations Upside Down

Reflection on the Gospel-21st Sunday in Ordinary Time C

(Luke 13:22-30)

Veronica Lawson RSM

We all know people who have an ingrained sense of entitlement. They put themselves first without regard to the sensitivities or rights of others. Whether their behaviour derives from childhood experiences of over-indulgence or from some other source, it can be quite divisive and even destructive of family or workplace or community. Those who put themselves first will often find themselves last in that they are tolerated rather than welcomed into most circles. They need to show the "good heart" that is hidden behind their façade of entitlement.

As Jesus moves from town to town on his way to Jerusalem, "someone" puts a question to him. The question is about salvation: "Are only the few saved?" Jesus treats this as a rhetorical question that presupposes an affirmative answer. His answer could be interpreted as affirmative, even if it is a far cry from the expected response. The questioner rightly assumes that God is the one who saves. Jesus responds with a reminder that God's saving action cannot be taken for granted. One must "strive to enter the narrow door". Serious commitment is involved in ensuring that God's saving power is there for God's world.

While the question comes from one person, Jesus' response is "to them". The insistence of people in the crowd that they have eaten with him may suggest they are among those who have been following him from Galilee. They may even be those who objected to Jesus' table companions, the tax-collectors and sinners (Luke 7:34). The text makes it clear that they have heard his teaching: "You taught in our streets".

Jesus' reply indicates that the tables have turned. It would come as no surprise to a Jewish audience to hear Jesus stating that the kin-dom belongs to Israel's ancestors and to all the prophets. Jesus' assertion that it also belongs to those who come from far and wide, "from east and west and north and south", might be less than palatable to those who see themselves as "first" in the schema of salvation.

Those who share in the banquet in God's kin-dom, the "saved", have prevailed in the struggle to enter through the "narrow door". Entry is by no means restricted to Israel's forebears. It belongs to all who hear the word of God and put it into practice. The inclusion or "salvation" of outsiders will cause grief among "evil-doers". These flawed individuals include those who have eaten with Jesus and who have heard his teaching without effect and who, consequently, have failed to commit themselves to the struggle to establish God's reign of justice and peace and reconciliation. There is no privileged access to salvation on the basis of birth or race or any other contingency. While the "door" to salvation may be "narrow", the Lukan Jesus has already declared that it is open to all who hear the word of God, to those who "hold it fast in an honest and good heart, and bear fruit with patient endurance" (8:15).
